### Hyaluronic Acid Dermal Fillers

---

**Juvederm ULTRA smile** with Lidocaine (local anaesthetic) is used to enhance lip volume, redefine lip shape, treat vertical lip lines and depressions at the corners of the mouth.

From £250

**Juvederm ULTRA 3** is used to smooth medium and deep wrinkles like those between the nose and corner of the mouth.

From £275

**Juvederm Voluma** with Lidocaine adds fullness to areas that need a little more support or enhancement. It replenishes lost skin volume to regain a soft, youthful curve to the cheeks and can be used to enhance the overall shape of your face. The lifting effects of this product last up to 18 months.

From £400

**Juvederm Volift** with Lidocaine delivers a natural look and feel, is ideal for the nasiolabial folds and will last up to 15 months.

From £350

**Juvederm Volbella** with Lidocaine has been developed specifically for the lips and mouth area to give a soft, natural feel. The gel fills in lip lines and wrinkles while the hyaluronic acid within attracts and retains moisture. The results can last up to one year.

From £350

Specialised treatments for the **tear troughs** (under eye area) are available using Juvederm Volbella or Teosyal Redensity II depending on your concerns, priced at £500. **Non-surgical nose augmentation** corrects minor irregularities and can improve the shape of the nose – this is also priced at £500.
